

RECERTIFICATION FORM - 2022

If your ABMP certification expires on 12/31/2022, complete sections A, B, C, and D and return.

A. DIPLOMATE INFORMATION

Name		Year Certified	
E-mail address*		Certification Specialty	Rad Onc Physics
Work Address	(employer name)	Work Phone #	
	(street address)	Cell Phone #	
	(city / state / zip)		
Permanent Address	(street address)	Gender (optional)	Male
	(city / state / zip)		

*If you provide a work email address, please remember to contact the ABMP if you change employment.

1. Please list additional certifications (including specialty and year) here: _____

2. Do you prefer to receive correspondence at your work address, or permanent address?

B. RECERTIFICATION FEE

The following fees are currently in effect for recertification; please note that fees will increase on January 1, 2017.

Category	Submission Date	Recertification Fee	
		Bank Check*	PayPal
Recertification fee	(Aug 1, 2022 - Jan 31, 2023)	\$550	\$567
Recertification fee PLUS late fee	(Feb 1, 2023 - Mar 31, 2023)	\$690	\$711
Reinstatement of EXPIRED certification	on or after April 1, 2023**	\$825	\$850

*To pay by check or Bill-pay, please make payable to "American Board of Medical Physics"

**Or as directed by the Executive Director

To pay online, please go to our website, www.abmpexam.com, choose the Recertification tab, and follow the directions. An upcharge of approximately 3%, which is kept by PayPal, is included.

Please indicate whether you are paying by: bank check PayPal

D. ATTESTATION OF CURRENT MEDICAL PHYSICS PRACTICE

Please give a brief statement describing your current medical physics activity, employment status, and efforts to ensure continued professional development (1500 character maximum).

ATTESTATION – FORM NOT ACCEPTED WITHOUT SIGNATURE BELOW

I, _____, certify that the information on this application is both accurate and truthful.	
Date:	Signature:

When complete, *save and send as PDF*, along with supporting documentation, to abmpexam@gmail.com

OR, *print and return by mail to:*
(certified mail recommended) Executive Director, ABMP
P.O. Box 780518
San Antonio, TX 78278

Category 1 Credits

At least 65 of the 125 required CE credits must be Category 1 In order for an activity to be designated as Category 1 credit, *it must be planned by an accredited CE provider*. Category 1 credits can be obtained during attendance at national and/or local meetings of organizations such as

- American Academy of Health Physics (AAHP)
- American Association of Physicists in Medicine (AAPM)
- American Brachytherapy Society (ABS)
- American College of Radiology (ACR)
- American Society for Therapeutic Radiology & Oncology (ASTRO)
- Health Physics Society (HPS)
- Int'l Commission on Radiological Protection (ICRP)
- Int'l Society for Mag Resonance in Medicine (ISMRM)
- Radiological Society of North America (RSNA)
- Society for Nuclear Medicine and Molecular Imaging (SNMMI)

These are formally planned meetings, such as Refresher Courses, Symposia, Scientific Sessions, Workshops, Summer Schools, etc., that include documentation of acceptable needs assessment, learning objectives, educational design, an evaluation method, and disclosure. Additional Category 1 activities include lectures and meetings in which learners are physically or remotely present and engage in the use of "Enduring Materials" (recorded or published content, such as printed materials, CD-ROMs, audio CDs, DVDs, Internet presentations, etc.). Some organizations, such as AAPM, have online learning centers that allow diplomates to obtain Category 1 credits for successfully passing quizzes associated with informational sources such as journal articles, presentations, task group reports, and other publications.

Category 2 Credits

No more than 60 of the 125 required CE credits can be Category 2 These are "self-assessment" credits and include informally planned activities such as practice-based self-study, consultations with colleagues, teaching, conferences, journal clubs, in-service presentations, books or chapters read or published, and journal articles read or published. Credits can also be obtained for technical committee memberships and vendor-sponsored educational classes.

For our Multiply-Certified Diplomates

For each specialty application, you must submit evidence of at least 125 CE credits. The majority of the (minimum) 65 Cat 1 credits must be in the specialty area in which you are recertifying. The residual credits can be your Cat 1 credits in the other specialty(ies), in the date range for which you are applying. Alternatively, your Cat 2 hours can be common among each application.

In order to quantify the assignment of Cat 2 credits, the following table has been developed.
(Revised Jan 1, 2017)

Category 2 Credit	# of Credits	Required Documentation
Publication of technical article; peer-reviewed; meets Index Medicus / Medline criteria. All material must be relevant to Medical Physics, Medical Health Physics, MRI Science, or Radiation Biology. Maximum in any one category is 30 credits per year.		
1 st author	15	Copy of 1 st page
2 nd author	10	Copy of 1 st page
All other authors	3	Copy of 1 st page
Textbook relevant to Medical Physics, Medical Health Physics, MRI Science, or Radiation Biology. Maximum of 30 credits per year.*		
Original Textbook	$[30 \div (\# \text{ of authors}) \times (\# \text{ of pages}) \div 100]$	Copy of title page and copyright page
Chapter in original textbook	12 per chapter	Copy of title page, chapter, copyright page
Revision of original textbook	$[20 \div (\# \text{ of authors}) \times (\# \text{ of pages}) \div 100]$	Copy of title page and copyright page
Revision of chapter(s) in textbook	4 per chapter	Copy of title page, chapter(s), and copyright page
Lectures, presentations*		
Paper presented at professional mtg	8 per paper	Copy of listing from meeting agenda
Poster presentation at professional mtg	8 per paper	Copy of listing from meeting agenda
Lecture preparation for college course (1 st yr only)	10 per course	Copy of official course listing
Committee Memberships		
National or State Technical Committee Membership	4 per year	Copy of official committee listing
International technical committee membership	6 per year	Copy of official committee listing
Service		
Editorial Board Service**	1 credit hour per hour of editorial work	Copy of Appointment Letter (maximum of 10 credits per 5-yr period)
Independent Reading		
Technical article(s) read	0.5 each	Self-attestation (maximum 30 per year)
Technical book chapter(s) read	0.5 each	Self-attestation (maximum 30 per year)
Additional Sources of Category 2 Credits		
Vendor-sponsored educational classes	1 credit per hour	Copy of certificate of attendance, hrs specified
In-service lecture(s) given, various topics	1 credit per hour	Copy of lecture topic, intended audience, and length of talk.

* All books, chapters, papers and posters must have been printed or presented during current recertification period

**Journal must be related to Medical or Health Physics, or MRI
